Thermo Printer, Universal

Order # 4190012

MARKINGenius® MG2 Universal Thermal Printer System includes:

- MG2 printer system
- 3 print media support templates
- Media guide
- Power and USB cables
- Protective cover
- Black ribbon and ribbon take up spool
- Installation guide and software

Features and Benefits:

- High speed, over 100 labels in less than 10 seconds
- Low operating cost, print over 300,000 labels with one ribbon
- No costly heat or UV lamps to replace
- High resolution, print up to 300 X 600 dpi
- Universal, prints over 2 dozen types of media
- Quiet and clean desktop operation for use anywhere
- Prints in different colors
- User friendly software makes set up and operation simple

Thermal Printer, High Speed, High Volume

Order # 4296012

Rolly 2000 Reel Fed Printer includes:

- Rolly 2000 printer
- Power and USB cables
- Protective Cover
- Black printer ribbon
- Manual and software

Features and Benefits:

- High speed printing with over 1000 wire labels in under 2 minutes
- Economical operation with over 140,000 labels per ribbon
- High quality print at 300 X 300 dpi
- Wide selection of print media types and colors
- Different color print ribbons are available
- Print label strips as long as 2 meters

Ink Jet Printer System

Order # CABURJET

Fully automatic loading high speed industrial inkjet printer includes:

- Caburjet printer
- Power and USB cables
- 80 ml bottle of ink
- 250 ml bottle of cleaner
- Software and manual

Features and Benefits:

- Automatic loader holds up to 50 cards with 3,000 labels
- High speed printing delivers 24,000 labels in one hour
- Plug and play technology simplifies set up and operation
- Capable of printing numerous types of labels all loaded together
- Prints wide range of labels and markers
- Small overall size makes it easy to set up in any location
- Prints labels for other terminal block suppliers
- Low cost lease program is available

Pen Plotter Industrial Printer System

Order # 4290017

Flatbed pen plotter system with support template includes:

- Flatbed pen plotter
- Power, parallel and USB cables
- Label and marker support template
- Long life pen
- Pen collar for long life pens
- Extra indelible ink, 30ml
- Software and manual

Features and Benefits:

- Low cost system for low volume projects
- Capable of printing over 18 different types of labels
- Easy to use software simplifies set up and operation
- Can import different types of files for printing

Wire Labels and Markers

MARKINGenius® Compatible:

- Prints in same machine as terminal block and other labels
- Reduces data input when wire has same data as terminal block
- Very low cost and better solution compared to wrap-on labels
- Firmly grips wire within the O.D. range listed
- Halogen free material
- Easily adjusts even after applied to wire
- Support stems hold labels in place until applied
- Highly legible indelible printing
- **Wide range of other labels at www.asi-ez.com**
