

AUTOMATION AND ROBOTICS

PARTNERS IN DELIVERING STATE-OF-
THE-ART TECHNOLOGY SOLUTIONS TO
DYNAMIC INDUSTRIES AND PROJECTS

Robotics and automation can improve efficiency and streamline complex industrial projects — but they also introduce novel challenges and risk. We understand the unique demands of integrating automation and robotics, and we help maximize value and mitigate risk every step of the way.

Sophisticated Projects, Diverse Industries

- Agriculture and food and beverage
- Aerospace and defense
- Manufacturing and logistics
- Life sciences
- Energy production and transmission
- Wastewater and municipal

Comprehensive Legal Service

- Reviewing, revising, and negotiating project agreements and service contracts that are fair to all parties
- Updating standard terms and conditions to best manage legal risk
- Creating contract templates
- Dispute avoidance and resolution
- Intellectual property registration and protection
- Employment and immigration
- Strategic alliances, joint ventures, and mergers and acquisitions
